WHO ARE WE?

Foundation for Restoration of National Values (FRNV) is a standard setting organization for social values, ethics and responsible living. We are an Indian, not-for-profit organization, committed to raising the consciousness of citizens, especially those in the leadership positions.

We strive to restore our time-tested National and Cultural Values, so that people, individually as well as collectively, find an abiding inner persuasion to be truthful, ethical, patriotic and committed to the wholesome development of the Nation.

OUR KEY INTERVENTIONS

Values Based Education (VBE): VBE is the flagship programme of FRNV, that encourages schools to build on the existing ecosystem, and embark on Values Based Living. It identifies the values to be lived by all the stakeholders in the ecosystem. FRNV promotes those National Values that are already enshrined in the Constitution: The National Flag, The National Moto, 'Satyamev Jayate' (Truth Alone Triumphs) and The Fundamental Duties. Some of these values are eternal: Truth, Non-violence, Righteous conduct and Preservation of natural abundance and vitality of the earth. Other Values which we promote are Contemporary. These are: Justice Liberty, Equality, Fraternity, Sensitivity, Teamwork, Discipline, Responsibility and Respect for self as well as others.

Police Reforms : We will strive to ensure that Police Complaints Authority (PCA) exist in every state through Advocacy, Awareness Raising and community interventions.

Corporate Integrity Programmes: FRNV, as a standard setting organisation attempts to bring together those organisations that clearly articulate and demonstrate high level strategic commitment to Ethical Business. It is imperative that Companies with a clearly defined Transparency and Accountability framework, must come together and share their work experience and best practices. FRNV provides a platform to such companies, and conducts regular programs for training their employees on compliance, Ethics and Integrity and good governance.

Administrative Reforms and Political Accountability: Non-performance, delay and corruption by elected representatives creates unequal opportunities for citizens to gain from the economic growth, to hold the state accountable on developmental promises and to shape political decisions. FRNV with the support of local communities and NGOs will mobilize and sustain political will by facilitating mutually beneficial pacts between local authority, elected representatives, and community. It will ensure the participation of marginalised sections of the society by bringing them at the centre of policy and create an environment where people will not only decide their agenda of development but also monitor the progress and participate in the process of all developmental activities.

Sanitation and Cleanliness: FRNV advocates on waste segregation, Solid-Waste Management and educating citizens about civic sense.

WHY JOIN FRNV

According to the CSR Guidelines laid down by the Government, it is incumbent upon the business that they must be actively engaged in securing ethical standards and good governance. Companies are increasingly engaging in sector-specific or multi-industry initiatives, locally, regionally and/or globally to share their experiences, learn from peers and, in partnership with other stakeholders, contribute to leveling the playing field. FRNV, as an organization is the right platform for companies to demonstrate their commitment to ethical practices and promotion of governance.
